Zalgo translator

December 01, 2015, 05:09

This is a simple translator which converts your text into Wingdings symbols that you can copy and paste. Here's a chart of the Wingding alphabet (click for a larger). I've had a few people on twitter and email who've expressed frustration over having ideas for creepypasta, but not the talent/time/drive to actually write them. Generating creepy text.

You may have found this page after seeing someone post creepy zalgo text. Type upside down, or type backwards, and flip text, letters, and words using this Upside Down Text converter. Recently Updated Translators: English to Gibberish Translator . Internet Slang Translator . Reichsprechen Translator 0.3
